# Core Elements of the Lifework Leadership Programs

## 1. Session Topics with outcomes based on the Jesus Journey

## 2. It is a journey, not loose standing events

- ✓ At least 8/9 gatherings of at least 4 hours
- ✓ At least one retreat early in the journey
- ✓ A graduation event where every participant receives a plated brick

### **3. Mechanisms used to inform the journey**

Jesus Journey // Case Studies // Expert Speakers // Alumni in the news (stories)

### **4. Commissioning interviews**

Facilitate the next step for Lifework participants out of the Journaling and Circle Charts after completion of the program

- ✓ Feedback about the program
- ✓ 3 Future Life-workers recommended

### **5. Small groups journey within the larger group**

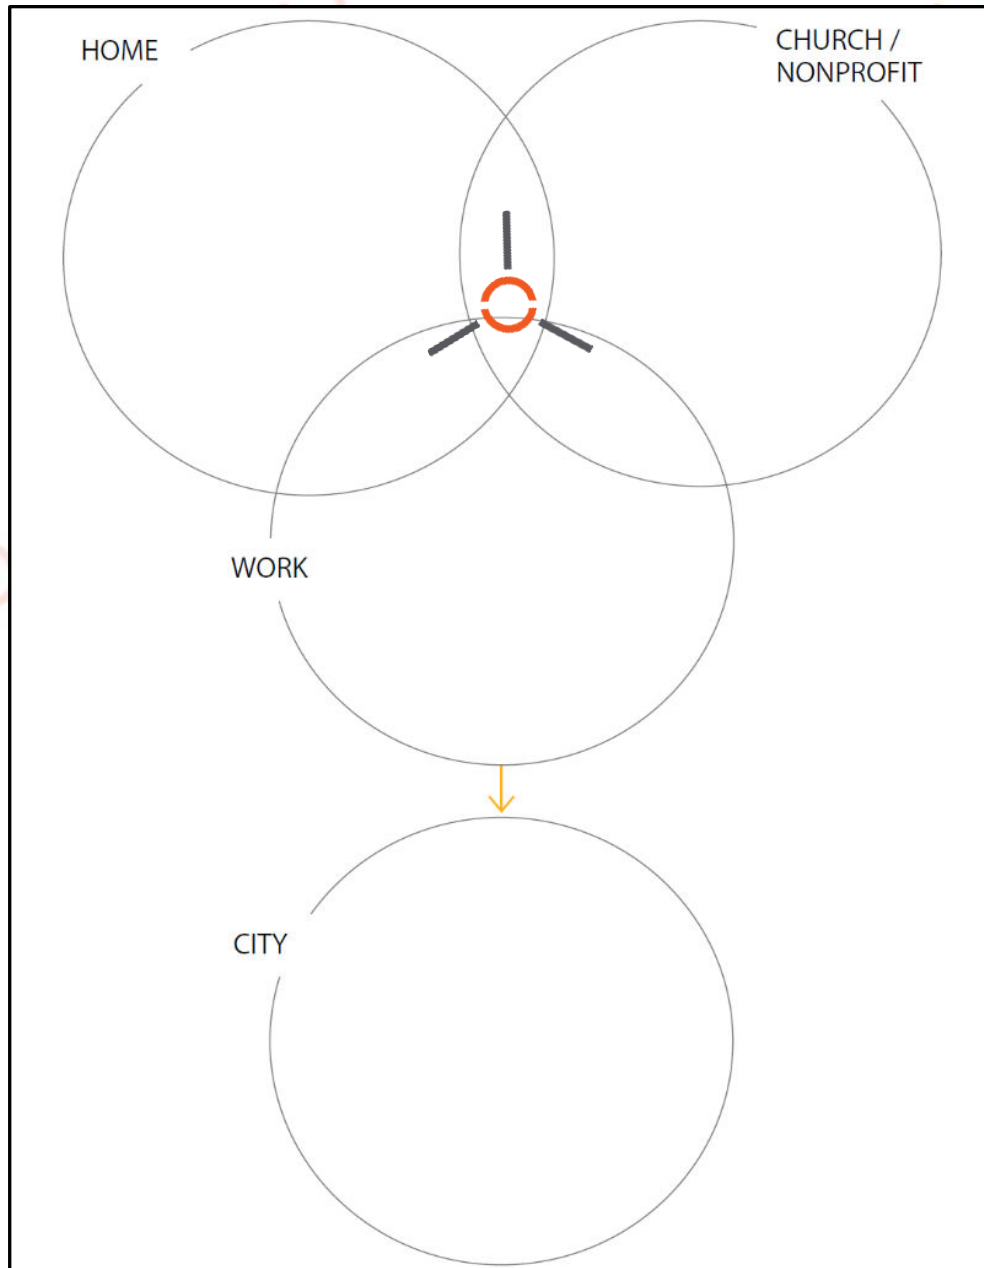

- ✓ The group of between 30 and 60 will be divided into small groups
- ✓ Smaller groups ( $\pm 7$ ) must be encouraged to meet in between the gatherings for relationship building and further processing
- ✓ Ample time for processing in the groups during the retreat and events to enhance understanding, application and accountability.
- ✓ Small group coaches must be trained to facilitate discussions. Include the 4-chapter gospel and love paradigm in the training.

### **6. One to one with the Executive Director once a year**

The executive director needs to have an individual meeting with every participant at least once a year to get feedback on the program as well as to explore how the participant can be empowered for their contribution towards the transformation of the city.

### **7. Journey application facilitated with the Circle Charts**

- ✓ Have journaling time in the gathering before the small group discussions
- ✓ Time for personal application in the circle chart below (Leverage)

## 8. Optional: Reflecting on their personal journey (Outcomes)

- ✓ **Calling** – What action steps do you need to take this week to better integrate your faith with everyday life?
- ✓ **Community** – What connections have you made in the group that needs investment of your time?
- ✓ **City** – What opportunities can you identify to utilize your God-given influence and platform for the good of the city?
